

high quality marine & industrial valves

Dikkan[®] since 1978
valve&casting

trusted brand in the world

VG Globe Valve - Straight - Screwed Bonnet

Dikkan Fig. 52VG

Standard	VG 85033-1 Form B	VG 85033-1 Form D
Material	CuSn10	
Trim	CuSn10	
Rating	PN25	
DN	DN20 - 32	
Type	Stop	SDNR

VG Globe Valve - Straight - Bolted Bonnet

Dikkan Fig. 50VG

Standard	VG 85033-2 Form B		VG 85033-2 Form D	
Material	CuSn10			
Trim	CuSn10			
Rating	PN10	PN4	PN10	PN4
DN	DN40 - 150	DN175 - 300	DN40 - 150	DN175 - 300
Type	Stop		SDNR	

VG Globe Valve - Angle - Screwed Bonnet

Dikkan Fig. 52AVG

Standard	VG 85034-1 Form B	VG 85034-1 Form D
Material	CuSn10	
Trim	CuSn10	
Rating	PN25	
DN	DN20 - 32	
Type	Stop	SDNR

VG Globe Valve - Angle - Bolted Bonnet

Dikkan Fig. 50AVG

Standard	VG 85034-2 Form B		VG 85034-2 Form D	
Material	CuSn10			
Trim	CuSn10			
Rating	PN10	PN4	PN10	PN4
DN	DN40 - 150	DN175 - 300	DN40 - 150	DN175 - 300
Type	Stop		SDNR	

VG Mud Box - Straight

Dikkan Fig. 79RCVG

Standard	VG 85346-1
Material	CuSn10
Trim	CuSn10
Rating	PN2.5
DN	DN32 - 300
Type	Support Feet / Without Support Feet

VG Fire Valve - Straight

Dikkan Fig. 71VG

Standard	VG 85056-1 Type C		
Material	CuSn10		
Trim	CuSn10		
Rating	PN10		
DN	DN50		
Type	Bolted Bonnet / With Coupling		

VG Fire Valve - Angle

Dikkan Fig. 71AVG

Standard	VG 85056-1 Type D		
Material	CuSn10		
Trim	CuSn10		
Rating	PN10		
DN	DN50		
Type	Bolted Bonnet / With Coupling		

VG Gate Valve

Dikkan Fig. 67INVG

Standard	VG 85060		
Material	CuSn10		
Trim	CuSn10		
Rating	PN10	PN10	PN4
DN	DN40 - 80	DN100 - 150	DN175 - 300
Type	Bolted Bonnet		

VG Butterfly Valve - Wafer Type

Dikkan Fig. 282VG

Standard	VG 85053		
Material	CuSn10		
Trim	CuSn10		
Rating	PN10		PN6
DN	DN50 - 150		DN175 - 300
Type	Wafer Type		

VG Butterfly Valve - Double Flanged

Dikkan Fig. 281VG

Standard	VG 85054		
Material	CuSn10		
Trim	CuSn10		
Rating	PN10		PN6
DN	DN50 - 150		DN175 - 300
Type	Flanged		

high quality marine & industrial valves

Dikkan, established in 1978, has its place as one of the worldwide known foundry and valve manufacturer. Besides production of industrial and marine valves in DIN, JIS and ANSI standards, Dikkan serves also the construction, machine building, automotive, agriculture and irrigation industries.

Dikkan premises build on 90.000 sq meter with modern CNC units, well equipped laboratories, expertise in the casting field and valve production, superior quality understanding, R&D activities, internal and outsourced training added to the certificates gained over the years, keeps Dikkan up as the domain market leader. Cast Iron, Ductile Iron, Cast Steel, Stainless Steel, Bronze, Tin Bronze, Aluminum Bronze and all other Copper alloys are manufactured by Dikkan's own foundries.

Having obtained a good share in the world market, Dikkan exports to the USA, Canada, UK, Germany, Holland, Sweden, France, China, Croatia, Spain, New Zealand, Africa, the Middle East countries and the Turkish Republics.

Physical and Mechanical analyses are performed at Dikkan's well equipped laboratories trough a spectrometer hardness measuring device, PC supported metal microscope, elongation tensile measurement machine, notch/ stroke test device. The results are appraised on 3.1 Inspection Certificate according to the DIN EN 10204 norm on request. Production is certified by Lloyd's Register for ISO 9001/2008 and the products are CE marked. Dikkan foundries are approved by LR, DNV, GL, RINA, TL and BV.

By continuing its investments and improving its production on a balanced basis, Dikkan aims to provide employment, opportunities and reach a high level of customer satisfaction and serve the national economy at this way .
